## MEMORANDUM

**To:** James L. Gillis, Jr., City Manager

**From:** Jason E. Oliva, Finance Director

**Re:** First Public Hearing - A Resolution of the City Council of the City of South Daytona Adopting the Tentative Millage Rate for the Fiscal Year 2024-2025

**Date:** August 19, 2024

---

**Issue:** The Truth in Millage (TRIM) process informs taxpayers and the public about the legislative process by which local taxing authorities determine ad valorem (property) taxes. When levying a millage, taxing authorities must follow Chapter 200 of the Florida Statutes, which govern TRIM. State laws require that two formal public hearings be held in September to adopt the millage rate for the upcoming fiscal year, 2024-2025. At the first public hearing, the City will adopt a tentative millage rate and set a date and time for the final public hearing.

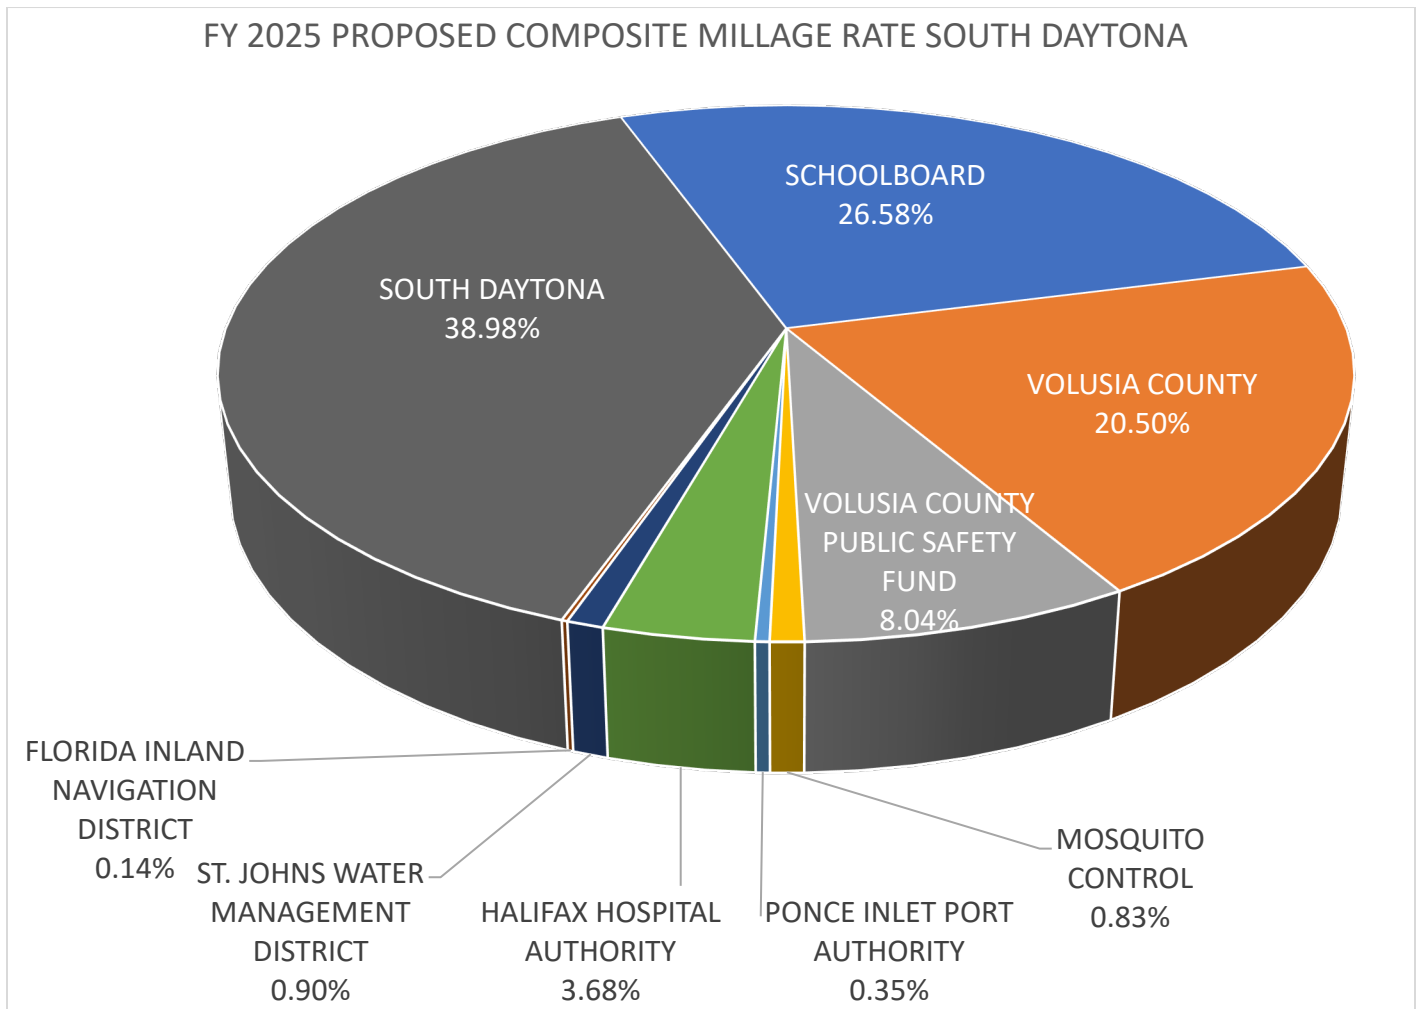

**Solution:** Resolution No. 2024-24, attached, adopts the tentative millage rate at 7.75 and sets the final public hearing for September 24, 2024, at 6:00 pm. The proposed budget for the fiscal year 2024-2025 is based on this millage rate which is 8.86% higher than the rolled-back rate. The wording of the attached resolution is consistent with the 2024 TRIM Compliance Workbook provided by the Florida Department of Revenue.

**Recommendation:** Staff requests council adopt the tentative millage rate and set the final public hearing date for September 24, 2024, at 6:00 pm.

**Result:** The City will remain in compliance with TRIM requirements. According to Florida law, failure to meet TRIM requirements will result in loss of revenue sharing for the taxing authority. The proposed composite millage rate for South Daytona 2025 is 19.8826 compared with 20.0730 in the previous year. The average residential taxable value for the 2024 tax roll is \$124,400. The City millage rate of 7.75 will result in a \$2.34 increase per month for the average homestead resident. The tax impact for homestead residential property at the average taxable value is shown in the following chart. The portion of the total composite millage rate that South Daytona receives, 38.9%, is shown in the following graph.
